Welcome -

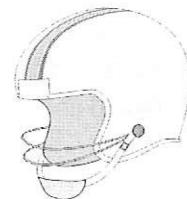

Welcome to the seventh annual awards banquet sponsored by the Central Pennsylvania Chapter of the National Football Foundation and College Hall of Fame. Today, we will take a moment to recognize some of our finest scholar-athletes. These young men have demonstrated the type of characteristics that we admire in people.

Many of our award winners will be heading off to college. Many of them will participate in football as they pursue a college education. Some may elect to stop playing organized football while they work to obtain personal goals. Some have already experienced college football and are ready to begin a professional career. Whatever the case, these young men have shown that they have the tools necessary to be successful in life.

The Central Pennsylvania Chapter of the National Football Foundation and College Hall of Fame is honored to recognize these young men for their scholarship, athletic performance, and citizenship.

We hope you enjoy the banquet!

Bill Asbury
Central Pennsylvania Chapter President

History -

The National Football Foundation and College Hall of Fame was founded in 1947 and is dedicated to mobilizing the constructive forces of amateur football, at all levels, for the benefit of society.

As stated most clearly by former President and Foundation “Gold Medal” recipient Dewight D. Eisenhower. “In football, in business, in the trades and professions, the normal urge to excel provides one of the most hopeful assurances that our kind of society will continue to advance and prosper. Morale... the will, this heart...we need not only in athletic teams and individuals, but collectively.”

To preserve and encourage these values in our nation’s youth, the National Football Foundation and College Hall of Fame helps to bring together all of the organized groups that play, coach, administer, support and report amateur football. It seeks to establish the true concept of the game as an amateur sport, and to gain recognition of the important role it plays in the preservation and advancement of our way of life.

The Central Pennsylvania Chapter is one of many chapters who combine with the national office to honor over 3,000 high school and college scholar athletes each year with nearly \$1,000,000 in scholarships for undergraduate and graduate education. Now in its seventh year, the Central Pennsylvania Chapter is proud to honor 32 high school and 3 college scholar athletes for the 2003-2004 year. Our congratulations to each award recipient who was nominated by their schools.

Procedure for Selecting Award and Scholarship Winners -

At the beginning of the scholastic football season, the president of the Central Pennsylvania Chapter sent a letter and nomination form to each of the 32 high school principals, head coaches, and athletic directors in the central region. Each school was asked to nominate one senior member from their football team to receive an award from the Central Pennsylvania Chapter of the National Football Foundation and College Hall of Fame. Each nomination form included a high school transcript, and official test scores (SAT/ACT).

The nomination forms, transcripts and test scores were forwarded to the scholarship selection committee. This committee is composed of knowledgeable representatives from our local chapter who were responsible for evaluating each of the nominees using the following three criteria established by the National office:

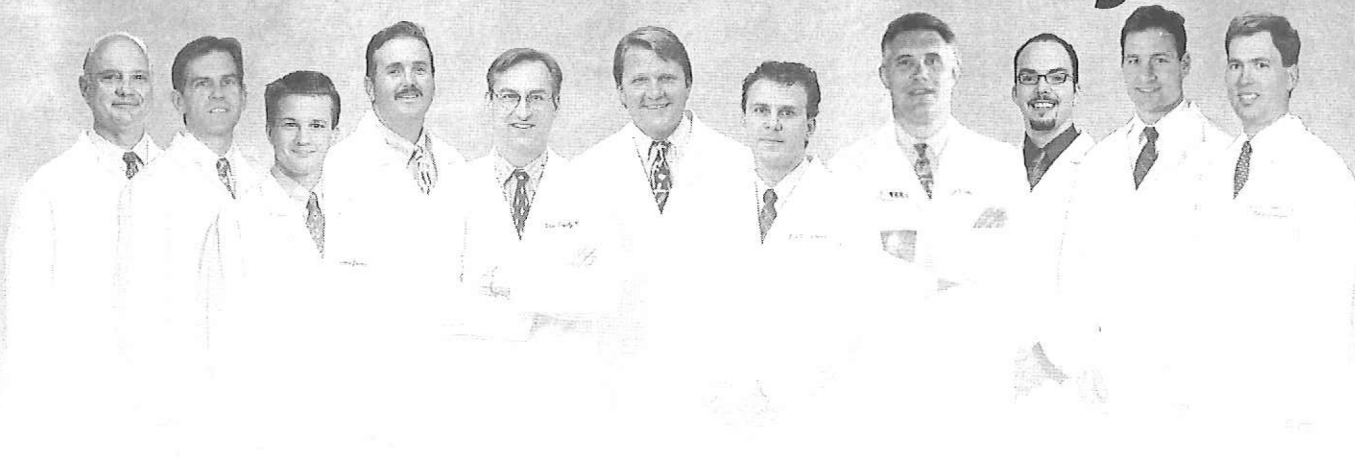

40% Academic Achievement

40% Athletic Achievement

20% Extracurricular/Community Service Participation

The scholarship committee carefully evaluated each nominee and rank ordered them accordingly. The rank order was given to the Advisory Board and the top 10 individuals will also receive \$1000 post graduate scholarships.

Making a Difference in the Community

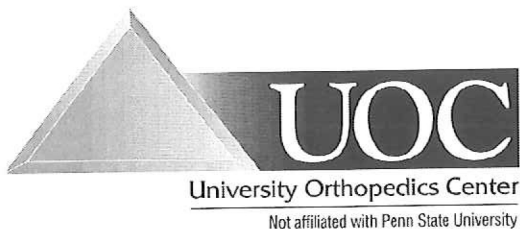

Our commitment to the communities we serve...University Orthopedics Center physicians volunteer their time for athletic and strength training and provide medical coverage for football games to area high schools.

The University Orthopedics team has treated and rehabilitated professional athletes from NBA, NFL and Major League Baseball, as well as college, high school and weekend athletes.

We're proud to support the Central Pennsylvania Chapter of the National Football Foundation and College Hall of Fame. Congratulations to all the Scholar Athletes from University Orthopedics Center.

HARRY HAMILTON

A True Scholar-Athlete— And It Runs In the Family

Harry Hamilton

Harry Hamilton and his younger brother Lance are the personification for everything that is right about college football.

They were not only exceptional players on the field but equally outstanding in the classroom.

And now, almost 20 years after the Hamilton brothers left Penn State, both are successful in their chosen lifetime careers.

“It’s not so much what you do on the football field but what you do in life that is important,” Hamilton said. “I first heard that from my father (Dr. Stan Hamilton) and then from (my coach) Joe Paterno. I strongly believe in that, too.”

Harry and Lance are both attorneys. Harry resides in his hometown of Wilkes-Barre but travels extensively because of his law practice. Brother Lance lives in Austin, TX. Both Hamiltons pursued their law degrees with financial assistance from awards they won for their academic achievements as Penn State undergraduates.

Harry’s route to law school was more indirect. He had a nine year stint in the National Football League, carving out an All-Pro career as a defensive back with the New York Jets and Tampa Bay Buccaneers. While playing, he started at the Cardozo Law School in New York city and graduated cum laude in 1992 from Stetson University College of Law near St. Petersburg, FL. Part of the money for law school came from a prestigious post-graduate scholarship given by the NCAA.

His brother Lance, who left Penn State two years after Harry, bypassed pro football and went to law school with help from the National Football Foundation and College Football Hall of Fame. Lance received one of the foundation’s \$18,000 scholar-athlete graduate fellowships in 1985.

During their Penn State playing days, both Harry and Lance were two-time Academic All-Americans. They also played on some of the best teams in Penn State history, including the Nittany Lions’ first National Championship team in 1982. Their brother Darren, who earned a Ph. D and is now an assistant athletic director at Bowling Green University, also was on that team.

“My dad still likes to tell people how three of his sons were together on the same National Championship team (in 1982),” Hamilton said.

Harry was a starting defensive back for the ’82 team and again in 1983. He may be best remembered as the “hero” back on the national championship team. His ten tackles and a sack in the 1983 Sugar Bowl helped propel the Lions to the 24-21 victory over Georgia. The next season Harry led the Nittany Lions in tackles with 53 solos and 47 shared and was honored as a third-team All-American. Lance was a starter on the 1984 team and the once beaten 1985 team that lost the national championship game to Oklahoma

“Athletics is very important in shaping an individual,” Harry Hamilton said, “but young people need to know there is more to life and living than just participating in athletics. Football is very much in my system. I loved the experience in college and playing professionally. But more than playing, the parallels to life experiences is what I took most from the game—in terms of dedication, discipline, development of mind and body and all of those things that become very essential in life’s pursuits. As my father and my coach said, ‘It’s not so much what you do on the football field but what you do in life that is important.’”

Michael Russo

Director of Membership Development

Michael Russo joined The National Football Foundation and College Hall of Fame in November of 1998 as special projects coordinator and since has been promoted to the position of director of membership development. As director of membership development, Mike oversees all aspects of the Foundations 12,000 members and 119 chapters. He has helped to develop several new chapters and continues to promote membership growth on both the national and local levels.

As special projects coordinator he administered the national college scholar-athlete program, assisted with all of the awards programs and worked closely in all aspects of the public relations department.

Russo is a 1998 graduate of the University of Scranton with a degree in communication and a minor in business. Russo and his wife Cara currently reside in New Jersey.
