Message from our President

On behalf of the Board of Directors of the Central Pennsylvania Chapter of the National Football Foundation & College Hall of Fame, I am pleased to welcome you to our 20th annual Scholar-Athlete Awards Banquet.

Founded in 1947 with early leadership from General Douglas MacArthur, legendary Army football coach Earl "Red" Blaik and immortal journalist Grantland Rice, the National Football Foundation & College Hall of Fame is a non-profit education organization that operates programs devoted to the mission of using the power of amateur football in developing leadership, sportsmanship, competitive spirit and academic excellence in America's youth. Our Central Pennsylvania Chapter is one of 121 chapters nationwide involving over 12,000 members. The wide reach of our regional chapter includes 20 counties, 92 high schools and ten colleges and universities.

The members of our board have worked diligently throughout the past year to set the stage for today's comprehensive program. We will honor fifty-two high school scholar-athletes and award scholarships to those earning the highest rankings through their demonstrations of academic excellence, football performance and all-around leadership and citizenship. Moreover, one high school scholar-athlete will be singled out as the Joseph Sarra Community Service Award recipient for his exemplary public service. In addition, we will recognize six college and university scholar-athletes for their achievements in the classroom, on the field and within their community. Contributors to amateur football in the areas of lifetime achievement, sports journalism, athletic training and officiating will also be acknowledged.

All of our chapter's extensions of recognition, awards, gifts and scholarships could not be possible without the generosity of our loyal donors and sponsors. Over the past 19 years, scholarships totaling \$218, 000 have been distributed to selected central Pennsylvania scholar-athletes because of that generosity. Our board thanks those donors and sponsors for investing in the youth of our country and hopes you will take note of those individuals, corporations and organizations who have stepped up to support us in completing our chapter's mission.

Furthermore, we are appreciative to all the coaches, parents, guardians, family, friends and others gathered here today to add their congratulations and good wishes to those we honor for their accomplishments in the arena of amateur football.

Enjoy the banquet!

Community Service Award in Honor of Joe Sarra: Coach, Friend, Advisor

Joe Sarra was a football coach for 40 years, but he has been more than just a coach to most of the players, fellow coaches and football fans he met in his career. Joe was a friend and advisor to many of his players, an honest, hard worker to his coaching colleagues, and a caring and compassionate man to the thousands of other people met over the decades. Football and family has been his passion but helping others was his avocation.

Joe is typical of the Western Pennsylvania young men of his generation. They were the children of hard working blue collar families, sons of the tough and intense men who labored in the hot steel mills or underground in the dusty coal mines. Don't follow us, the fathers told them. Make something of yourself, they said. Go to college and get an education, they urged. And sports—particularly football -- was the way to do it.

Sarra left his home in Belle Vernon, 20 miles southeast of Pittsburgh, in 1956 and entered a small college down the road, then known as California State Teachers College. He went there to play football, and to be a teacher, studying social studies education and guidance. After graduation in 1960, he stayed in the area and was hired by East Washington High School to teach social science with additional duties as the head coach of the football team. That would be the start of his lifetime dream—to coach football and teach young men.

A year later, Joe was back in his hometown as an assistant coach at Belle Vernon High School, and guidance counselor. But that wasn't enough for Sarra. He was also continuing his education, working part-time on a Master's Degree in secondary administration and counseling from the University of West Virginia, just across the state line from the football hotbeds of southwestern Pennsylvania. He did that in 1964, the same year he became an assistant coach at nearby Hempfield High School.

However, Joe wanted to be a head coach again. So, in 1967 he left western Pennsylvania for the hard coal region, becoming the head coach and social studies teacher at Southern Columbia High School. He loved his job but he wanted more. He had always wanted to coach in college, and in 1970 he had his chance, when Miami University in Oxford, Ohio, hired him as an assistant. Sarra never looked back.

Joe Sarra

The next season, 1971, Lafayette University came calling, and Joe spent the next 12 years there, first as the offensive coordinator until 1975 and then as the defensive coordinator. Now, Joe really felt the passion of coaching defense. Joe knew he could coach defense at a higher level.

In 1984, Penn State hired Sarra as the inside linebackers coach. Nine years later, Sarra was promoted to defensive line coach, and he stayed there through the 1999 season, when he moved into the front office as an administrator, retiring in 2005.

Throughout his professional career, Joe was always involved in volunteer work for the communities he lived in. Perhaps his greatest service to the community and to Penn State was his dedication to the rehabilitation of Adam Taliaferro, the Penn State cornerback who was paralyzed in a game against Ohio State in 2000. Joe was the liaison with the Taliaferro family and spent many of his days with Adam and the family in the year that Adam recovered and was able to walk again.

NATIONAL FOOTBALL FOUNDATION

COLLEGE FOOTBALL HALL OF FAME

Our Mission

Our mission is to promote and develop the power of amateur football in developing the qualities of leadership, sportsmanship, competitive zeal and the drive for academic excellence in America's young people.

We will fulfill this mission in the following ways:

By inspiring young people to excellence: holding up the greatest players and coaches in the history of the game as role models and enshrining them and their achievements in the College Football Hall of Fame.

By exciting young people, and those who influence them, about the game: in particular, managing the College Football Hall of Fame in such a way as to dramatize the history, exhilaration and value of the game to an ever broadening audience of fans and potential fans.

By developing, managing and promoting model football programs, which further strengthen the educational and character building qualities of the game.

By honoring, publicizing and providing financial support to high school and college football players who represent our ideal of the scholar-athlete.

By continuing a grassroots movement, through local chapters, while involving football fans, coaches, educators, the media and former players in the implementation of the programs, which will fulfill our mission for America. Through this mission, The Foundation serves not only youth, but the nation as well.

Who We Are

The National Football Foundation & College Hall of Fame, Inc. (NFF) is a member-supported, non-profit organization dedicated to ensuring the future of amateur football at the local, state and national levels. Since its beginnings in 1947, the Foundation has relied upon the support of volunteers to bring its mission and goals to communities all across the nation. Today, thanks to the more than 100,000 volunteers who generously became members over the past 59 years, the National Football Foundation has grown to 120 chapters with a presence in 48 states.

There is no prerequisite football experience required to become a member; in fact, many of our members never even played organized football. Our membership base includes nearly every profession, race, religion and creed. Our members are men and women, fans, parents, players, coaches, referees and administrators. They work as educators, business people, doctors, lawyers, sales people, laborers, policeman, firefighters, politicians, engineers, etc. Our members have served our country's highest office, walked on the moon, led our soldiers into battle, won the Heisman Trophy, ruled on the U.S. Supreme Court, coached in Super Bowls and National Championship games, built financial empires, made movies, saved lives and imparted wisdom. Our members share one common bond: their love for amateur football.

Today, our current membership base tops 12,000 - and we are growing. As membership increases, so does the overall strength of the Foundation. Your support helps widen our span of influence, allowing the Foundation to expand its positive effects on the game, our communities and our young people.

The mission of the Foundation and our members, simply stated, is to ensure and promote the future of amateur football. If you are not already a member, or if you have been a member in the past, we hope you will join in our effort to see this mission through.
