**Procedure for Selecting Award and Scholarship Winners**

At the close of the scholastic football season, the president of the Central Pennsylvania Chapter sent a letter and nomination form to each of the 96 high school head football coaches in the centre region. Each school was asked to nominate one senior member from their football team qualify to receive an award from the Central Pennsylvania Chapter of the National Football Foundation and College Hall of Fame. Each nomination form included a high school transcript and official test scores (SAT/ACT). The nomination forms, transcripts and test scores were forwarded to the scholarship selection committee. This committee is composed of knowledgeable representatives from our local chapter who were responsible for evaluating each of the nominees using the following three criteria established by the National office:

- Academic Achievement - 40%
- Athletic Achievement - 40%
- Extracurricular/Community Service Participation - 20%

The scholarship committee carefully evaluated each nominee and rank ordered them accordingly. The rank order was used to award \$1,000 postgraduate scholarships.

## Message from our President

I am pleased to announce the 2021 Central Pennsylvania Chapter of the National Football Foundation & College Hall of Fame Alternate Dinner Awards Presentation.

Due to the uncertainties surrounding the Covid-19 pandemic, the Chapter canceled the annual banquet in December. To overcome this setback, the Board of Directors has worked extremely hard throughout the past four months to develop a comprehensive Alternate Dinner Program as a substitute for the 24th Annual Awards Banquet. Our goal is to have all honorees recognized in a similar fashion as in past years but without the banquet experience.

This year the Chapter will honor senior scholar-athletes from 71 high schools and 9 colleges and universities. Scholarships will be awarded to those high school seniors earning the highest rankings through their confirmed academic excellence, football performance and all-around leadership and citizenship.

One of the high school representatives will be recognized as the Joseph Sarra Community Service Award recipient for his exemplary public service. The Chapter will also nominate a high school representative for the NFF 2021 Team of Distinction which will be announced later in the summer.

Achievement Awards will be given to each senior and the Souvenir Awards Program will be printed in the same format as used for the Annual Awards Banquet Program. The programs will be delivered to all nominees and a digital pdf copy will be sent to all of the coaches, scholar-athletes and business sponsors.

The National Football Foundation & College Hall of Fame is a member-supported, non-profit organization that operates programs devoted to achieve its organizational mission: "Using the power of amateur football in developing leadership,

sportsmanship, competitive spirit and academic excellence in America's youth". We thank the many loyal donors, sponsors and boosters for their generosity and dedication to high school football. The special recognitions, awards, gifts and scholarships would not be possible their continuing support.

The Central Pennsylvania Chapter is one of 120 chapters nationwide involving over 12,000 members. Over the past 23 years, the Chapter has honored 880 high school and 112 collegiate nominees. In addition, outstanding high school scholar-athletes have been awarded scholarships totaling \$268,000.

In closing, the Chapter extends a sincere THANK YOU to all of the parents, guardians, coaches, family, friends and others who have helped shape and guide each honoree at home, in the classroom, on the field and within their communities. Please take great pride and celebrate the outstanding accomplishments of your favorite student-athletes during this challenging year!

# Community Service Award in Honor of Joe Sarra: Coach, Friend, Advisor

Joe Sarra was a football coach for 40 years, but he has been more than just a coach to most of the players, fellow coaches and football fans he met in his career. Joe was a friend and advisor to many of his players, an honest, hard worker to his coaching colleagues, and a caring and compassionate man to the thousands of other people met over the decades. Football and family has been his passion but helping others was his avocation.

Joe is typical of the Western Pennsylvania young men of his generation. They were the children of hard working blue collar families, sons of the tough and intense men who labored in the hot steel mills or underground in the dusty coal mines. Don't follow us, the fathers told them. Make something of yourself, they said. Go to college and get an education, they urged. And sports—particularly football -- was the way to do it.

Sarra left his home in Belle Vernon, 20 miles southeast of Pittsburgh, in 1956 and entered a small college down the road, then known as California State Teachers College. He went there to play football, and to be a teacher, studying social studies education and guidance. After graduation in 1960, he stayed in the area and was hired by East Washington High School to teach social science with additional duties as the head coach of the football team. That would be the start of his lifetime dream—to coach football and teach young men.

A year later, Joe was back in his hometown as an assistant coach at Belle Vernon High School, and guidance counselor. But that wasn't enough for Sarra. He was also continuing his education, working part-time on a Master's Degree in secondary administration and counseling from the University of West Virginia, just across the state line from the football hotbeds of southwestern Pennsylvania. He did that in 1964, the same year he became an assistant coach at nearby Hempfield High School.

Joe Sarra

However, Joe wanted to be a head coach again. So, in 1967 he left western Pennsylvania for the hard coal region, becoming the head coach and social studies teacher at Southern Columbia High School. He loved his job but he wanted more. He had always wanted to coach in college, and in 1970 he had his chance, when Miami University in Oxford, Ohio, hired him as an assistant. Sarra never looked back.

The next season, 1971, Lafayette University came calling, and Joe spent the next 12 years there, first as the offensive coordinator until 1975 and then as the defensive coordinator. Now, Joe really felt the passion of coaching defense. Joe knew he could coach defense at a higher level.

In 1984, Penn State hired Sarra as the inside linebackers coach. Nine years later, Sarra was promoted to defensive line coach, and he stayed there through the 1999 season, when he moved into the front office as an administrator, retiring in 2005.

Throughout his professional career, Joe was always involved in volunteer work for the communities he lived in. Perhaps his greatest service to the community and to Penn State was his dedication to the rehabilitation of Adam Taliaferro, the Penn State cornerback who was paralyzed in a game against Ohio State in 2000. Joe was the liaison with the Taliaferro family and spent many of his days with Adam and the family in the year that Adam recovered and was able to walk again.

## 2020 Eastern Regional National Football Foundation & College Hall of Fame Distinguished Team Award

**NFF Board Member Rob Irwin and Austin Fisher, Penns Valley HS.**

IRVING, Texas (June 23, 2020) – From a pool of 3,500 scholar-athletes, the National Football Foundation & College Hall of Fame (NFF) announced today the 82 members of the 2020 NFF Team of Distinction. As part of its mission to promote the scholar-athlete ideal, the initiative allows the NFF to honor the top high school scholar-athletes from around the country as the best and the brightest at the local level while highlighting the work of the NFF Chapter Network.

The members of the team all played their final high school football season during the 2019-20 school year. As part of the award, all of the honorees will be part of a permanent digital display at the Chick-fil-A College Football Hall of Fame in Atlanta.

Criteria to make the team include but are not limited to academic achievement, athletic accolades and community involvement. Each chapter is limited to one honoree, distinguishing them as the top scholar-athlete from all the high schools covered by the chapter.

IT'S A GOOD TIME TO HAVE THE  
RIGHT TEAM BEHIND YOU.

For the complexities of wealth management,  
you need the support of an experienced and  
educated staff that puts your well-being first.

## COLLEGE FOOTBALL HALL OF FAME

### **Our Mission**

Our mission is to promote and develop the power of amateur football in developing the qualities of leadership, sportsmanship, competitive zeal and the drive for academic excellence in America's young people.

We will fulfill this mission in the following ways:

By inspiring young people to excellence: holding up the greatest players and coaches in the history of the game as role models and enshrining them and their achievements in the College Football Hall of Fame.

By exciting young people, and those who influence them, about the game: in particular, managing the College Football Hall of Fame in such a way as to dramatize the history, exhilaration and value of the game to an ever broadening audience of fans and potential fans.

By developing, managing and promoting model football programs, which further strengthen the educational and character building qualities of the game.

By honoring, publicizing and providing financial support to high school and college football players who represent our ideal of the scholar-athlete.

By continuing a grassroots movement, through local chapters, while involving football fans, coaches, educators, the media and former players in the implementation of the programs, which will fulfill our mission for America. Through this mission, The Foundation serves not only youth, but the nation as well.

### **Who We Are**

The National Football Foundation & College Hall of Fame, Inc. (NFF) is a member-supported, non-profit organization dedicated to ensuring the future of amateur football at the local, state and national levels. Since its beginnings in 1947, the Foundation has relied upon the support of volunteers to bring its mission and goals to communities all across the nation. Today, thanks to the more than 100,000 volunteers who generously became members over the past 59 years, the National Football Foundation has grown to 120 chapters with a presence in 48 states.

There is no prerequisite football experience required to become a member; in fact, many of our members never even played organized football. Our membership base includes nearly every profession, race, religion and creed. Our members are men and women, fans, parents, players, coaches, referees and administrators. They work as educators, business people, doctors, lawyers, sales people, laborers, policeman, firefighters, politicians, engineers, etc. Our members have served our country's highest office, walked on the moon, led our soldiers into battle, won the Heisman Trophy, ruled on the U.S. Supreme Court, coached in Super Bowls and National Championship games, built financial empires, made movies, saved lives and imparted wisdom. Our members share one common bond: their love for amateur football.

Today, our current membership base tops 12,000 - and we are growing. As membership increases, so does the overall strength of the Foundation. Your support helps widen our span of influence, allowing the Foundation to expand its positive effects on the game, our communities and our young people.

The mission of the Foundation and our members, simply stated, is to ensure and promote the future of amateur football. If you are not already a member, or if you have been a member in the past, we hope you will join in our effort to see this mission through.

For more information on how to become a member of The National Football Foundation & College Hall of Fame, Inc., please see page 67, call (972) 556-1000 or email: [membership@footballfoundation.com](mailto:membership@footballfoundation.com)
