Message from our President

I am pleased to welcome everyone to the 2023 Awards Presentation Banquet of the Central Pennsylvania Chapter of the National Football Foundation & College Hall of Fame. The National Foundation was founded in 1947 as a member-supported, non-profit organization that operates nationwide programs devoted to achieve its mission which is “Using the power of amateur football in developing leadership, sportsmanship, competitive spirit and academic excellence in America’s youth”. Our Chapter is one of 120 chapters nationwide involving over 12,000 members.

For this year’s award ceremony, our local chapter is proud to honor Senior scholar-athletes from 49 high schools and 10 colleges and universities. These outstanding young men were selected by their school to receive this Achievement Award based on three criteria: Football skill, Academic success, and Community Service. Additionally, a select number of highest ranking seniors will each receive a \$1,000 scholarship.

We will also present special awards for Lifetime Achievements in Football Coaching and Officiating, and a selected high school senior will receive the Joseph Sarra Community Service Award.

Today’s Banquet is highlighted by our Guest Speaker, Penn State and NFL star Stefen Wisniewski.

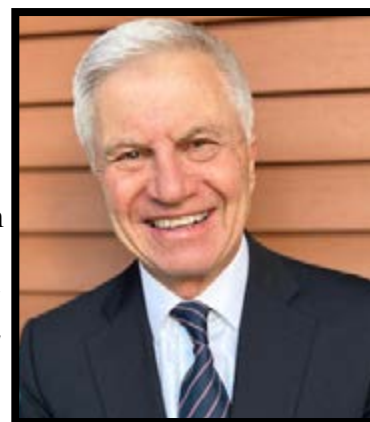

In the past 25 years, our Chapter has honored 1,200 high school and collegiate nominees and we have awarded over \$300,000 in scholarships. This would not have been possible without the tremendous generosity of our members, sponsors and donors. This year’s sponsors and donors are listed in the program and they have earned our sincere thanks and appreciation.

In order for this Chapter to continue our mission, we need your help. If you are interested in becoming a member, donor or scholarship sponsor, or if you know of another person or business that may be interested, please reach out to Ron Vanderlinden at today’s banquet or contact me at the number below. Or you can simply call your local high school athletic department for our contact information.

Thank you and enjoy the banquet!

Stefen Wisniewski

Featured Speaker

The National Football Foundation, College Hall of Fame and the Central Pennsylvania Chapter, has selected Two-Time Super Bowl Champion and former Penn State All-American offensive lineman Stefen Wisniewski as our Special Guest Speaker.

“The Central Pennsylvania Chapter of the National Football Foundation College Hall of Fame is honored to have Stefen Wisniewski as the featured speaker for our 26th Annual Awards Banquet, said Chapter President Sam Phillips. The Chapter is extremely pleased to have Stefen back to share some of his career shaping experiences with the outstanding student athletes from the high schools and colleges within the Central Pennsylvania Chapter.”

Stefen is a Penn State graduate of the Schreyer Honors College with a Secondary Education degree. Stefen achieved and maintained superlative academics while being a valued member of the Penn State Football team. Wisniewski became the first Penn State Football student-athlete to be named an ESPN Academic All-American three times, having been a first team selection in 2008, 2009 and 2010. He graduated with a 3.9 cumulative GPA. Wisniewski achieved at a high level on the playing field as well. He made 39 starts during his college career (2007-2010) at the guard/center positions on the offensive line. In 2010 he was a First Team All-American selection as a center by the American Football Coaches Association and added First Team All-Big Ten honors that year as well. He was a First Team All-Big Ten selection in 2009 as a guard and was named to the second team in 2008 at the same position. At the conclusion of his college career, Stefen was a 2nd round draft pick of the Oakland Raiders in the 2011 NFL draft. Stefen is a 10 year veteran of the NFL having played for five teams. He is also a two-time Super Bowl champion with the 2017 Philadelphia Eagles and the 2019 Kansas City Chiefs. This is quite the accomplishment to win the Super Bowl twice let alone with two different franchises.

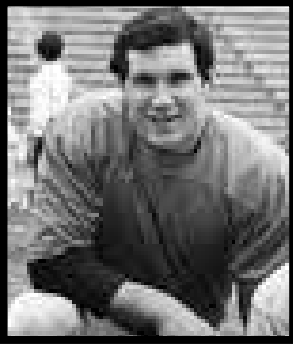

Stefen has Penn State roots that run deep. Both his mother (Cynthia) and father (Leo) are graduates of the university along with an uncle (Steve). Stefen resides permanently in State College with his wife Hilary who is also a Penn State alumnus.

*Congratulations Scholarship Winners.
We are excited to participate in this worthy cause.*

Community Service Award in Honor of Joe Sarra: Coach, Friend, Advisor

Joe Sarra was a football coach for 40 years, but he has been more than just a coach to most of the players, fellow coaches and football fans he met in his career. Joe was a friend and advisor to many of his players, an honest, hard worker to his coaching colleagues, and a caring and compassionate man to the thousands of other people met over the decades. Football and family has been his passion but helping others was his avocation.

Joe is typical of the Western Pennsylvania young men of his generation. They were the children of hard working blue collar families, sons of the tough and intense men who labored in the hot steel mills or underground in the dusty coal mines. Don't follow us, the fathers told them. Make something of yourself, they said. Go to college and get an education, they urged. And sports—particularly football -- was the way to do it.

Sarra left his home in Belle Vernon, 20 miles southeast of Pittsburgh, in 1956 and entered a small college down the road, then known as California State Teachers College. He went there to play football, and to be a teacher, studying social studies education and guidance. After graduation in 1960, he stayed in the area and was hired by East Washington High School to teach social science with additional duties as the head coach of the football team. That would be the start of his lifetime dream—to coach football and teach young men.

A year later, Joe was back in his hometown as an assistant coach at Belle Vernon High School, and guidance counselor. But that wasn't enough for Sarra. He was also continuing his education, working part-time on a Master's Degree in secondary administration and counseling from the University of West Virginia,

just across the state line from the football hotbeds of southwestern Pennsylvania. He did that in 1964, the same year he became an assistant coach at nearby Hempfield High School.

However, Joe wanted to be a head coach again. So, in 1967 he left western Pennsylvania for the hard coal region, becoming the head coach and social studies teacher at Southern Columbia High School. He loved his job but he wanted more. He had always wanted to coach in college, and in 1970 he had his chance, when Miami University in Oxford, Ohio, hired him as an assistant. Sarra never looked back.

The next season, 1971, Lafayette University came calling, and Joe spent the next 12 years there, first as the offensive coordinator until 1975 and then as the defensive coordinator. Now, Joe really felt the passion of coaching defense. Joe knew he could coach defense at a higher level.

In 1984, Penn State hired Sarra as the inside linebackers coach. Nine years later, Sarra was promoted to defensive line coach, and he stayed there through the 1999 season, when he moved into the front office as an administrator, retiring in 2005.

Throughout his professional career, Joe was always involved in volunteer work for the communities he lived in. Perhaps his greatest service to the community and to Penn State was his dedication to the rehabilitation of Adam Taliaferro, the Penn State cornerback who was paralyzed in a game against Ohio State in 2000. Joe was the liaison with the Taliaferro family and spent many of his days with Adam and the family in the year that Adam recovered and was able to walk again.

IRVING, Texas (June 23, 2022) – From a pool of 3,500 scholar-athletes from a nationwide Chapter Network, the National Football Foundation & College Hall of Fame (NFF) announced today the 82 members of the 2022 NFF Team of Distinction. As part of its mission to promote the scholar-athlete ideal, the initiative allows the NFF to honor the top high school scholar-athletes from around the country as the best and the brightest at the local level while highlighting the work of the NFF Chapter Network.

The members of the team all played their final high school football season during the 2021-22 school year. As part of the award, all of the honorees will be part of a permanent digital display at the Chick-fil-A College Football Hall of Fame in Atlanta.

Criteria to make the team include but are not limited to academic achievement, athletic accolades and community involvement. Each chapter is limited to one honoree, distinguishing them as the top scholar-athlete from all the high schools covered by the chapter. “This initiative allows us to shine a national spotlight on some of the most deserving high school student-athletes honored at the local level by our expansive Chapter Network,” said NFF Chairman Archie Manning. “This honor is one of the most prestigious national awards that a high school player can receive. We would like to congratulate all 82 honorees for their success on and off the field, especially with the challenges caused by the pandemic during their senior year. We also want to salute all of our NFF Chapters who continue to play an important role in promoting football in their communities.”

Since 1954, the NFF Chapters have played an integral role in supporting and promoting the game of football at the amateur level while honoring the top scholar-athletes in their local areas. With more than 12,000 members, the nationwide NFF Chapter Network impacts more than 500,000 student-athletes at 5,000 high schools across the country each year.

The centerpiece of the Chapter Network’s efforts are the annual chapter awards banquets, which recognize more than 3,500 of the nation’s top scholar-athletes and distribute more than \$1 million in scholarships.

NATIONAL FOOTBALL FOUNDATION

COLLEGE FOOTBALL HALL OF FAME

Our Mission

Our mission is to promote and develop the power of amateur football in developing the qualities of leadership, sportsmanship, competitive zeal and the drive for academic excellence in America's young people.

We will fulfill this mission in the following ways:

By inspiring young people to excellence: holding up the greatest players and coaches in the history of the game as role models and enshrining them and their achievements in the College Football Hall of Fame.

By exciting young people, and those who influence them, about the game: in particular, managing the College Football Hall of Fame in such a way as to dramatize the history, exhilaration and value of the game to an ever broadening audience of fans and potential fans.

By developing, managing and promoting model football programs, which further strengthen the educational and character building qualities of the game.

By honoring, publicizing and providing financial support to high school and college football players who represent our ideal of the scholar-athlete.

By continuing a grassroots movement, through local chapters, while involving football fans, coaches, educators, the media and former players in the implementation of the programs, which will fulfill our mission for America. Through this mission, The Foundation serves not only youth, but the nation as well.

Who We Are

The National Football Foundation & College Hall of Fame, Inc. (NFF) is a member-supported, non-profit organization dedicated to ensuring the future of amateur football at the local, state and national levels. Since its beginnings in 1947, the Foundation has relied upon the support of volunteers to bring its mission and goals to communities all across the nation. Today, thanks to the more than 100,000 volunteers who generously became members over the past 59 years, the National Football Foundation has grown to 120 chapters with a presence in 48 states.

There is no prerequisite football experience required to become a member; in fact, many of our members never even played organized football. Our membership base includes nearly every profession, race, religion and creed. Our members are men and women, fans, parents, players, coaches, referees and administrators. They work as educators, business people, doctors, lawyers, sales people, laborers, policeman, firefighters, politicians, engineers, etc. Our members have served our country's highest office, walked on the moon, led our soldiers into battle, won the Heisman Trophy, ruled on the U.S. Supreme Court, coached in Super Bowls and National Championship games, built financial empires, made movies, saved lives and imparted wisdom. Our members share one common bond: their love for amateur football.

Today, our current membership base tops 12,000 - and we are growing. As membership increases, so does the overall strength of the Foundation. Your support helps widen our span of influence, allowing the Foundation to expand its positive effects on the game, our communities and our young people.

The mission of the Foundation and our members, simply stated, is to ensure and promote the future of amateur football. If you are not already a member, or if you have been a member in the past, we hope you will join in our effort to see this mission through.
