PONTIAC

MID-STATE CLASSIC REGION

Welcome to the Eighth Annual Mid-State Football Classic All-star Game. On behalf of the Central Pennsylvania Football Coaches Association I can take this opportunity to thank you for your attendance and support.

As a result of that support, the CPFCA, working through the Big 33 Scholarship Foundation, Inc., has been able to award \$24,000 in Mid-State Classic Scholarships. These scholarships aid graduating seniors as they begin post-high school education.

The Central Pennsylvania Football Coaches Association is an organization of area coaches active in various endeavors to promote local athletes as well as the game of football. Programs such as

mini-clinics at each monthly meeting, a College Prospect Camp each spring, and a video football techniques library are available to members.

Once again, a special thanks to players, parents, coaches, administrators and advertisers for supporting this effort. Enjoy the game!

Sincerely yours,

A handwritten signature in cursive script that reads "Jack Krider".

Jack Krider, Central
CPFCA President

Stadium Information

Mansion Park Stadium construction was begun in 1931. It seats just under 11,000. Renovations and addition of omniturf playing surface in 1989 make it the most modern stadium in central Pennsylvania — probably in the entire state.

There are ample facilities inside the stadium, so once you leave the stadium, you may not reenter. Alcoholic beverages are prohibited. Automobiles are not permitted inside the gate.

MID-STATE CLASSIC RAINS - TRUE TO FORM.

For five of the seven previous Mid-State Classic contests there has been rain. The 1991 game at Memorial Field in State College saw rain for the first time in seventeen days. The 1989 game was nearly washed out! The initial Classic in 1985 witnessed a cloudburst at warm-up followed by a game long drizzle.

The '89 game at Memorial Field was played in a flood with knee deep water covering within a few feet of the hash marks. The only two games played without rain have been the 1986 game at Memorial Field and the 1990 game at Mansion Park. We can hope that the "even-year-dry-weather syndrome" holds up for this year's game.

In 1991, the North had the yards - 298 of them in total yardage, but only 3 points. The South overcame 3 quarters of offensive struggles with an 80 yard, seat-edge drive. Bellwood-Antis's Chris McCartney had 67 rushing yards -more than half of them on the critical drive. Jason Gruskey's 4th

quarter touchdown run may have been one of the tougher 1 yard runs ever to occur at Memorial Field - it seemed to have knocked out the PA system because there were no announcements for several minutes. The 7-3 lead looked solid after Punxsutawney's Greg Stouffer's punt pinned the North at its own 12. The outlook switched abruptly when Bald Eagle Area's Wade Kurzinger hooked up with high school teammate Matt Davison for two receptions and put the ball at the South 39 with 58 seconds left. Stouffer really was the hero two plays later when he intercepted to end the threat.

Bald Eagle Nittany's Bill Stringfellow used two interceptions - one of which set up the North fieldgoal - enroute to the North's MVP award. Eric Bernatsky's consistent stops won him the South Defensive MVP award. Offensive MVP awards went to Kurzinger for the North (8 for 15) and McCartney for the South.

CENTRAL PENNSYLVANIA FOOTBALL COACHES ASSOCIATION

A Short History And Update

In January 1983, high school football coaches from schools in the central region met to plan a social and educational group. Within three months, thirty-five coaches from ten schools were members of the Central Pennsylvania Football Coaches Association (CPFCA). Over the past seven-and-a-half years the CPFCA has grown to include over 200 members representing thirty-two schools.

MID-STATE FOOTBALL CLASSIC

The Mid-State Football Classic was established in 1985. The CPFCA purpose for this game is threefold - promote football, showcase central Pennsylvania football talent, and raise money for scholarships. Over its first seven years the Mid-State Classic has contributed \$24,000 to help thirty young people start post-high school education.

FOOTBALL EDUCATION

The CPFCA sponsors mini-clinics each month, November through May. Speakers from a variety of high school and

college situations present current ideas and techniques. Sessions are open at no charge to all members and prospective members.

The association also provides a library of videotapes and manuals. Subjects covered include Strength Training, QB and Receiver Skills, One-on-one Blocking, and Kicking Techniques. Materials are circulated among the membership. Reservations may be made with Jack Baily, Philipsburg-Osceola Head Football Coach.

The College Prospect Camp for District VI completed its third year with over 100 participants.

1991 District VI AAAA Champions

MID-STATE 1992 CLASSIC

On August 6, 1960, the Central Counties Conference All-Star game was played at Bellefonte. Forty-three players representing 14 schools participated. This seems to be the first local All-Star game was sponsored entirely by Bellefonte Area businesses to raise money for the YMCA and the Community Betterment Fund.

In 1977 and again in 1978, the Lewistown Area Lions Club sponsored a regional All-Star game that involved Blair, Centre, Clinton, and Huntingdon county schools. Those were "great football games" but less than successful financially.

The Central Pennsylvania Football Coaches Association membership instituted the Mid-State Football Classic in 1985. This game was initiated to promote football, to recognize excellence in regional football performance, and to fund a program of scholarships and ongoing football education.

To date \$24,000 in the form of 48 scholarships has been awarded to help young people continue their educations. The CPFCA holds monthly mini-clinics for high school and youth league coaches. Players talk about playing in the Mid-State Football Classic as they prepare for their senior seasons. It would seem that the goals are being approached.

The degree to which the game and the CPFCA can work toward these goals will depend upon the support we continue to receive. Our gratitude is extended to our co-sponsors and business advertisers, to individual player sponsors and patrons, and to football fans. You make it all work!

Thank you
Gawen Stoker

Player Selection

Players are selected for this game by the members of the Central Pennsylvania Football Coaches Association through a multi-step process:

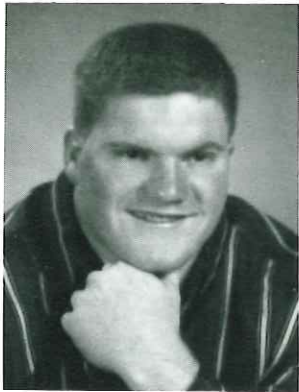

1. Players are nominated in writing in December and January. Each school may nominate no more than five players.
2. Players nominated are polled to ascertain that they will play if selected.
3. Each school's coach is asked to make one "automatic selection." This player will definitely be named for the game.
4. Members of the association select coaching staffs from among schools in each division—North and South.
5. After film review and with advice from the game staff, the balance of the players are selected by consensus of the division selection committee.

Who Does It And Where Does It Go?

There are valid questions frequently asked about all-star games and non-profit organizations. How are receipts from the game used? Who gets paid and who donates products and services? Why does it cost so much? Although these inquiries are usually directed to the game management, they have already been asked by the game management.

The expenses of conducting the game are significant. Insurance, stadium rental and game personnel, mementos for the players and coaches, and mailing and information distribution costs all must be paid. The CPFCA has established a goal to award at least six \$500 scholarships annually. Whenever good attendance or special sponsorships permit, the number of scholarships is increased.

The Big 33 Scholarship Foundation, Inc. is a recognized, tax exempt, non-profit organization that administers over 100 scholarships each year. The CPFCA has decided to have this foundation issue the Mid-State Classic Scholarships to serve as an additional safeguard for our own tax exempt status, and an additional check that funds are distributed and credited in the proper manner. This service is at no cost to us.

No travel reimbursements, housing, or other individual expenses are paid by the game. The players, coaches and others involved are doing things because they want to help. Most football people believe they owe to the game something for what they have gotten from it. While it would be difficult to adequately describe either what one gets or how it is paid back, the Classic gives many an opportunity to help.

WARRIOR WEAR.

AUTHENTIC
PRO LINE

Authentic NFL Pro Line from Russell Athletic

It's not like the pros wear. It's exactly what the pros wear. It's built of the same fabrication, on the same production lines, as the NFL's. From game jerseys and practice shorts, right down to the innerwear. Remember, if it doesn't say Pro Line, it's not authentic. So if you want real NFL, get Russell Athletic.
