

The Milton Area High School would like to extend an invitation to your coaches to attend a coaching clinic at Milton featuring Kim Hamilton, (All American Softball Player, Olympic Trials Finalist in the Javelin, and Owner/operator of Platform Sports Academy. (Please take time to look over her resume’) Kim will provide teaching and coaching tips that she has learned from tops coaches and mentors from around the world, that she used to compete at the highest levels of her sports during her elite amateur career.

We will run the clinic as an open forum to addresses the questions and concerns not only with softball and Javelin, but development of mental, physical and technical preparation of our athletes. Sports like anything evolves and renews over time. Having Kim come to us, gives us the opportunity to hit the refresh button, updating us to become better coaches, to mentor our teams/athletes to find their true potential.

Bring with you your questions and dilemmas and allow us to help you find resolutions.
