Any school close to .500, at this time, needs to keep me posted on the outcomes of matches as they are played. **All games must be completed by Wednesday, Oct. 25. The seeding will be done on Thursday, Oct. 26.** Seeding will be done on the win/loss record and ties will be broken by looking at first head-to- head matches, wins and losses against common opponents, and then by flipping a coin.

The playoff format will be the same as last year, best three out of five in head-to-head competitions with rally scoring. **One** team in AA and **one** team in A will advance to the state tournament. Please check the PIAA website for bracketing information.

Williamson will be the host school for this year's District IV tournament. If you have questions, please feel free to call me anytime. My numbers are: 814-258-5644 Office
