

PIAA DISTRICT IV VOLLEYBALL

TO: District IV Principals, Athletic Directors, and Volleyball Coaches

FROM: Corey T. Mosher

RE: District IV Volleyball Tournament

DATE: August 14, 2024

This year the District IV Volleyball Tournament will start on Saturday, October 26th.

To enter District IV playoffs for the 2024 season, “A” “AA” and “AAA” teams must have a .500 or better record or a power ranking higher than those teams that do to qualify for district play. **A minimum of 4 teams in each classification will qualify for District Playoffs.** If a classification does not have at least 4 teams with a .500 record (or a team with a power ranking higher than a .500 team) or better, the top 4 teams by power ranking will qualify for the tournament. This is to promote a true tournament with at least a semi-final and final. Tournament play or pool play cannot be considered. We will be using the District IV power ranking system for seeding. **Please make sure your school updates their scores in a timely manner.**

All games must be completed by Thursday, Oct. 24. The seeding will be done on Friday, Oct. 25. Again, seeding will be done by following the power ranking system. The playoff format will be the same as last year; best three out of five in head-to-head competitions with rally scoring. **One** team in AAA, one team in AA and **one** team in A will advance to the state tournament. Please check the PIAA website for bracketing information.

“AA” quarter final games will be played Saturday, October 26th, if necessary.

“A” semi-final games will be played Saturday, October 26th.

“AAA” semi-final games will be played Saturday, October 26th.

“AA” semi-final games will be played Tuesday, October 29th.

“AAA” finals will be played on Wednesday, October 30th.

“A” “AA” finals will be played Thursday, October 31st.

PIAA DISTRICT IV VOLLEYBALL

Athens will be the host school for this year's District IV tournament. The location of games are always subject change. If you have questions, please feel free to call me anytime. My numbers are:
